### IGD 1005: ENVIRONMENTAL SAFETY AND OCCUPATIONAL HEALTH MANAGEMENT PROGRAM

---

#### [1.0 PURPOSE](#)      [2.0 PROCESS](#)      [3.0 EXAMPLES OF ESOHMS SUPPORTING DOCUMENTATION REFERENCES](#)

---

#### **1.0 PURPOSE**

DNSC executes and maintains, as appropriate, programs for achieving ESOH objectives and targets. These programs include process improvements as well as natural resources programs. This IGD applies to all applicable employees of DNSC.

#### **2.0 PROCESS**

##### **2.1 DNSC Employees**

All employees have responsibility for implementing programs that support ESOH policy. DNSC establishes goals, objectives and targets within the framework of the [ESOH Policy Statement](#) and in a manner that appropriately reflects consideration of the environmental aspects and impacts, and safety and occupational health risks of their respective operational activities. DNSC has implemented a policy that defines the action to be taken when an employee is injured during working hours. The policy is stated in the memo from Cornel Holder (3.17 below).

##### **2.2 Other Support Organizations**

The Directorate of Environmental Management and Safety, Public Affairs, Office of Counsel, and Directorate of Stockpile Operations provide technical and legal support to all business units to include ESOH objectives and targets.

The programs for achieving the ESOH targets and objectives are continual or short term. The time frames including the responsibilities and means for achieving these objectives and targets are identified at the beginning of the programs in the development of the project budget cycle.

#### **3.0 EXAMPLES OF ESOHMS SUPPORTING DOCUMENTATION REFERENCES**

The references listed below are not intended to be all-inclusive but rather to provide examples of typical documentation and records, illustrative of the ESOHMS and are not necessarily controlled.
